- 
Lily Pond
- 
Feature Wall
- 
Jogging Track
- 
Barbeque Space

The success story of Oscar series

Ruchi Realty has given Indore some breathtaking realty projects. Its two previous plotting ventures in the Oscar series – Oscar and Oscar Fort – caught people's imagination by offering lifestyles suited for royalty.

The highly-successful venture Oscar is a unique display of practical lifestyle experience ideally situated on Indore Bypass. The project's proximity to nature and large open spaces appealed as a tranquil getaway.

Oscar Fort, a premium township close to the city, made it an opportunity crafted for a motley few. Sprawling several acres, it offers the serenity of a country township and the comforts of modern amenities.

Oscar Pride, Indore – the third development project in this illustrious series – is a unique plotting township sprawling over 8 acres on Bypass. With multiple plot sizes, it proves to be an excellent choice for those who aspire to live a zesty and yet secure lifestyle.

It is truly a treasure in the maze of clustered development living, a gateway to royal life and a legacy for generations to come. With Oscar Pride, you are not just buying land but an opportunity to enrich your future.

Oscar Pride offers an array of benefits, has excellent connectivity, is a perfect choice for a luxurious lifestyle and is an investment that keeps growing. Either way, Oscar Pride is a landmark that will redefine you.

When building projects, no one builds them better, stronger and more spectacular than Ruchi Realty. Firmly rooted in our culture and beliefs, Ruchi Realty has earned a distinct reputation for turning spaces into inspiring homes. Creating unique lifestyles is all about giving back to society.
